

UNITED STATES DISTRICT COURT  
DISTRICT OF RHODE ISLAND

UNITED STATES OF AMERICA

v.

DAVID ESSER

Case No. 20-MJ-018-LDA and  
20-MJ-111-LDA

ORDER

Based on the United States' Motion to Exclude Time Under the Speedy Trial Act exclude the period of time up to and including March 15, 2021, from the period within which an indictment or information must be filed against Defendant under 18 U.S.C. § 3161(b);

IT IS THE FINDING OF THIS COURT that the ends of justice served by excluding the aforementioned time periods outweigh the interest of the public and any interest the Defendant may have in a speedy indictment and trial, for the following reasons:

1. The parties are currently engaged in discussions which may resolve this case pre-indictment and thereby conserve judicial resources.
2. Defendant's counsel has no objection to the exclusion of the aforementioned period of time.

WHEREFORE, it is on this day ORDERED that the period of time up to and including March 15, 2021, is excluded from the period within which an indictment or information must be filed against Defendant under 18 U.S.C. § 3161(b).
